PROVIDING FOR THE DISTRIBUTION OF FUNDS FOR FISCAL YEAR 2016 GENERATED BY THE MUNICIPAL ACCOMMODATIONS FEE AS REQUIRED BY ORDINANCE NO. 1996-56.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHARLESTON:

SECTION 1. Findings

It is hereby found and declared by City Council of the City of Charleston ("City Council"), the governing body of the City of Charleston (the "City"):

- 1. By Ordinance adopted March 12, 1996, bearing ratification number 1996-56, City Council established a Municipal Accommodations Fee in an amount equal to one percent, the proceeds of which as provided by Section 8 Ordinance No. 1996-56, are to be "expended only for the purpose of defraying the cost of operational expenses beneficial to the tourism industry..."
- 2. Section 8 further provides that the costs to be funded in part by this fee are to be established by ordinance adopted by City Council after a public hearing.
- 3. The Accommodations Fee will be collected during the entire term of the fiscal year 2016. In adopting Ordinance 1996-56, City Council took the further action of reducing the millage rate set forth in the Budget Ordinance by 2 mills. Such reduction was based on recognition of the fact that funds generated by the fee established by Ordinance No. 1996-56 could be applied to tourism-related operational expenses which, in the absence of the fee, would have to be paid by the taxpayers.
- 4. City Council is now minded to establish by this Ordinance the specific nature of the operational costs to be funded during fiscal year 2016 by the Accommodations Fee as provided by Section 8 of Ordinance No. 1996-56. It is specifically found that such costs provide a special benefit to the tourism industry. The public hearing required to be held was advertised in the Post and Courier on November 15, 2015, and the hearing conducted on December 1, 2015.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CHARLESTON, AS FOLLOWS:

MEMORANDUM

TO:

City Council

FROM:

Joseph P. Riley, Jr., Mayor

DATE:

November 24, 2015

RE:

Annual Millage Dedicated to Drainage Fund

Since 1986, City Council has annually appropriated 2 mils specifically earmarked for drainage improvements. This funding source has proven to be a most wise investment, as it has provided a stable source of revenue for bonds and, at times, for providing the matching funds for State and Federal assistance. Because of this funding stream, the City has been able to complete, in whole or in part, the very important projects that are delineated on Attachment A. But as you know, there is more to be done.

Our topography being what it is, it is only prudent that we undertake planning for the rise in sea level that will occur over the next hundred years. That, coupled with our experiences of the past weeks with the rainstorms and King tides, has brought home to me just how necessary it is for us to accelerate efforts to improve drainage and mitigate flooding. Thus, in the 2016 draft Budget Revenue Ordinance, I am recommending that the current mils dedicated to drainage be increased from 2mils to 4 mils. This change will result in approximately \$2.2 million in 2016 to allow us to more aggressively attack our drainage challenges. Staff has studied what additional projects these funds could support, and they are listed on Attachment B.

In discussions with Steve Bedard, I am comfortable that the cost of this change to homeowners will be completely eliminated in no more than two years because of the increase in the local option sales tax (LOST) credit factor. You may recall we projected the 1.5 mils added in 2015 for Public Safety infrastructure would be offset by the LOST credit in two years or less. The offset actually occurred in 2015.

Any increase in millage should be carefully considered to assure that the value it creates to the public is real, and lasting. The projects that stand to be funded by the requested drainage millage increase will fill a real need that will inure to the benefit of our City for generations. And as its impact to the homeowner may be eliminated in as little as two years, I hope that you will act favorably on this recommendation.

WHEREAS, City Council of the City of Charleston ("City Council") anticipates utilizing the provisions of Chapter 6 of Title 31 of the Code of Laws of South Carolina 1976, as amended (the "Tax Increment Financing Law") to redevelop this area in a manner that will create new economic development opportunities and improve the quality of life in neighborhoods located in the redevelopment project area hereinafter designated (the "Area"), such redevelopment being in the best interests of the public health, safety, morals, or welfare of the residents and citizens of the City of Charleston (the "City"); and
